May 23, 2020

Greetings Dear Brethren,

We pray that all are well, and your families are adjusting to our new normal. As we continue to battle the COVID-19 virus, here is an update on our reopening of the church building.

This notice is to inform the body of how we will handle Governor Baker's recent order to allow churches to open their doors for worship. We believe it is in the best interests of all to do so with godly wisdom and a safe environment.

Therefore, our first priority is to have the church building professionally cleaned/sanitized. We are currently in the process of contacting and securing a professional contractor for this endeavor. The protocol for returning back to the church facility will be stated once sanitization is completed.

We will address others areas such as seating arrangements, the number of people allowed at one time, the handling of communion and offering, mask wearing expectations, etc., at a later date.

We currently do not have a set timeline as to when the building will be officially open. Given the that there are so many variables to consider, we have decided to remain in place until we complete all necessary requirements to open. It is our desire to open the church building as soon as possible, Lord willing.

In the interim, we are asking for your fervent prayers and patience as we continue to do our best to have the appropriate and reasonable safeguard measures in place before we officially open the building doors again for Sunday service!

God Bless,
The Elders
